#### **Regional Healthcare Career Fair:**

On Wednesday, June 4<sup>th</sup>, the Waukesha County Technical College (WCTC) hosted a regional Healthcare Career Fair. Almost 300 job seekers came to visit forty-three health care employers to learn more about employment opportunities. Despite foggy conditions, the event was well attended, due, in part, to the efforts of the WOW Marketing Department to attract nurses to the event (the W-O-W Marketing Department mailed out invites to registered nurses and licensed practical nurses from mailing lists which were purchased from the State of Wisconsin Licensing Department).

#### **Department of Labor WIA Performance Standards:**

The Waukesha, Ozaukee and Washington County (W-O-W) area has exceeded 10 and met 5 of the DOL WIA performance measures for Quarter 3 of PY08.
